

got friends?

Over the years our practice has continued to grow from referrals from caring patients just like you! The greatest compliment, and perhaps the most important recognition a doctor can receive is the recognition of their patients when you refer our providers and services to your family and friends. We genuinely appreciate your trust in referring new patients.

It is our pleasure, therefore, to extend to you a complimentary:

- Therapeutic Facial
- Microdermabrasion treatment
- Chemical Exfoliation treatment
- Detoxification Session in our calorie burningslimdome®

It's our way of not only thanking you for helping our practice continue to grow, but encouraging your well-being with a luxury you deserve
